1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Dennis Thompte on March 21, 2005.

The application has been amended as follows: on page 19, line 20, "446" has been changed to --416--.

2. The following changes to the drawings have been approved by the examiner and agreed upon by applicant: in Figure 19, numeral "444" has been added to reference the valve and a line has been drawn from numeral "424" to point to the central opening. In Figure 22, numeral "450" has been changed to numeral --450'--. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

3. The following is an examiner's statement of reasons for allowance: the specifics of the valve and the vent passage, in combination with the other claimed elements, are not found in the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
